

SUPER VITA-SOL

Water Soluble Powder
For Poultry

COMPOSITION: Each pound (454 gm) contains:

Oxytetracycline HCl	15000	mg
Neomycin Sulphate	5000	mg
Vitamin A	1,357,000	I.U.
Vitamin D3	1,000,000	I.U.
Vitamin E	800	I.U.
Vitamin K3	800	mg
Vitamin B2	1500	mg
Vitamin B6	100	mg
Vitamin B12	2	mg
Nicotinic Acid	6250	mg
Ca-D-pantothenate	1700	mg

PROPERTIES:

- A combination of vitamins and two effective antibiotics against different pathogenic bacteria.
- Oxytetracycline, a systemic, broad spectrum antibiotic which is effective against different Gm +ve and Gm –ve bacteria and some large viruses.
- Neomycin, a broad spectrum antibiotic which is mainly effective against Gm –ve bacteria.
Due to its poor absorption from the intestine, it develops a strong local action against the bacterial enteric infections.
- The vitamins content activates, increases viability and supports the body resistance against infections, to maintain optimum health and conversion rate improvement.

INDICATIONS:

- Prevention and treatment of enteritis, CRD, Colibacillosis, Blue comb and infectious sinusitis etc...
- Stress conditions due to vaccination, debeaking, transporting, rehousing and changes of feed and weather.

DOSAGE:

- **Treatment:** 280 gm per 200 litres of drinking water for 5 days.
- **Prevention:** Half dosage for the same period.

SAFETY PERIOD: For meat and eggs consumption: One day.

REMARK:

During treatment, minerals salts should not be added to the medicated water.

STORAGE: Keep in a dry, dark place at (15-25) °C.

PACKING: 454 GM.
