

COMBAT

Ectoparasiticide Shampoo

For external use only

For Dogs, Cats, Equines

COMPOSITION:

Permethrin	0.05 %
Cetrimide	1 %

PROPERTIES:

- Combat shampoo contains permethrin which is very active against ectoparasites which attack dogs, cats and horses such as: Lice, fleas, ticks and mange mites.
- Combat shampoo penetrates deeply between the hair and fur to remove lice eggs and their remnants.
- Cetrimide disinfects the wounds and abrasions due to itching of the scalp and the body.

APPLICATION:

- Before the start of treatment, it is advised to wear protective gloves.
- Wash the body with warm water and soap to clean it from dust.
- Shake well the bottle before use.
- Apply a proper amount of combat shampoo on the body, spread and rub well for 5 minutes.
- Leave the shampoo on the body for another 5 minutes, then rinse thoroughly the body with water, and dry well.

REMARKS:

Treatment may be repeated after one week, if necessary.

PRECAUTIONS:

- Avoid contact of shampoo with the eyes, and if happened, flush immediately and thoroughly with water.
- Avoid swallowing of shampoo, and if happened, do not induce vomiting and consult a physician.
- No specific antidote, but treat according to symptoms.
- Avoid polluting ponds, water-ways and water sources.
- Dispose of empty containers safely and properly, and do not use for other purposes.
- Keep out of reach of children.

STORAGE: Keep in a dry, dark place below 30 °C.

PACKING: (100, 250, 500, 1000) ML.
