- For more details about first aid & precautions please refer to first aid & precautions index .

USAGE AND DOSAGE:

SITUATIONS	RATE/ 20 LT. WATER	PEST	CRITICAL COMMENTS
Meatworks (Non-product areas), Farm Buildings, Food processing establishments, Shops, Offices, Factories, Storerooms, Hospitals, Schools, Barracks, Houses, Ships, Rubbish tips.	40 ml	Cockroaches.	Thoroughly spray hiding places (eg. cracks and crevices, behind stoves and sinks, in cupboards, around drains, rubbish bins, etc.) Until point of run-off. If hiding places are not directly accessible spray barrier strips around them. Repeat treatment as required.
		Spiders.	Spray Spiders, their webbing and areas where Spiders may hide directly. It is recommended that webbing is left in place for a few days after application to optimise efficacy.
		Ants.	Where possible locate the nest and spray. If nest is inaccessible, spray all infested areas.
		Fleas.	Clean or vacuum infested areas and burn all dust collected. Lightly spray all infested areas especially under furniture.
		Mosquitoes.	Apply as a wet spray till point of run-off, to areas where Mosquitoes rest such as walls and awnings, fences and some vegetated areas.
		Flies.	Spray surfaces where Flies are known to rest eg. on ceilings or around windows. effective for many weeks.
		Silverfish.	Locate the source of the infestation and spray. If it cannot be located spray all surfaces over which Silverfish travel, especially inside cupboards.
		Clothes moths.	Spray clothes storage areas.
		Carpet beetles.	Lightly spray carpets, particularly in areas of little or no traffic.
		Bedbugs.	Fumigate all infested mattresses or clothing. Wash sheets and clothing before re-use. Apply BETATHRIN-25% to walls, cracks and crevices, skirting boards and bed frames.
		Stored product Pests.	Clean and vacuum infested areas and burn all material collected. Thoroughly spray infested areas taking care to treat all cracks and crevices where pests may hide.
Rubbish tips	5 ml	Flies	Spray surfaces of rubbish. apply 100-150 ml of spray/m ² .

RE-ENTRY PERIOD: 48 hours after the last treatment.
