COMPOSITION:
Cetrimide is a quaternary ammonium compound consisting of:
- Tetradecyl – trimethyl ammonium bromide.
- Dodecyl – trimethyl ammonium bromide.
- Hexadecyl – trimethyl ammonium bromide.

PROPERTIES:
- An exceptional valuable antiseptic and detergent effect against bacteria, fungi and algae.
- The effect is intensified in slightly alkaline medium and in warm solution.
- An efficient deodorant due to its bactericidal effect and its ability to react with odiferous substances.
- Cetrimide, due to its high surface activity, is recommended for disinfection of both living tissues and inanimate surfaces.

DIRECTIONS: (For 20%, 17.5% solution).
- Dilute with water before use, as follows:
  - For cleansing and disinfecting of wounds, abrasions, burns, insects stings: Use 0.5-1% dilution.
  - For preparation of the operation site: Use 0.5-1% dilution in 70% ethanol or in 50% isopropanol alcohol.
  - For treatment of skin infections to remove exudates, ointments etc…: Use 1% dilution.
  - Cleansing and disinfecting apparatus and utensils etc…: Use 1% dilution.

- DISINFECTION OF SURGICAL INSTRUMENTS;
  - Leave in 1% dilution for one hour; then rinse, clean and sterilize by heat.
  - For the sterile storage of instruments, use 0.1% dilution with 0.5% sodium nitrate and alcohol (6% ethanol or 4% isopropanol) added to prevent rusting.

- OTHER APPLICATIONS:
  - Disinfection and mold control
    *In very contaminated cases, use 1% dilution.

FIRST AID:
- INGESTION: Give demulcent (Honey, food oil, starch, egg-white, milk, gelatin).
- EYE CONTACT: Flush with plenty of water for at least 15 minutes.
- SKIN CONTACT: Wash with water.
- INHALATION: Remove to fresh air; give oxygen when necessary.
- Get medical attention when necessary.
CAUTIONS:
- Do not use undiluted on the animal skin.
- Avoid contact with eyes, skin, inhalation and swallowing.
- Wash containers with water before discarding.

REMARK:
For dilution of cetrimide 40% solution, use half of the above – mentioned rates.

PRESENTATIONS: (17.5%, 20%, 40%) Solutions.

STORAGE: Keep in a dry, dark place below 30 °C
Keep away from children, food and drinks.

PACKING: (100,250, 500, 1000) ml & 5 litres gallon.
