

# HERBIFLURIN-48%

HERBICIDE  
EMULSIFIABLE CONCENTRATE

VAPCO

Class:  
Dinitroaniline

A selective pre-planting soil-herbicide to control Annual grasses and Broad-leaved weeds and used to control weed seeds as they germinate

**COMPOSITION:** Each Liter contains:

TRIFLURALIN

48% W/V (A.I)

## PROPERTIES:

**HERBIFLURIN-48%:** A selective pre-planting soil-herbicide.

**HERBIFLURIN-48%:** Has a good efficiency to control annual narrow and broad-leaved weeds.

**HERBIFLURIN-48%:** Has low toxicity to mammals.

**HERBIFLURIN-48%:** Has no residual risk on the crop leaves, fruits or seeds, also it has no injury on the second planting crop.

## USES AND APPLICATION RATE:

Must be applied and incorporated before planting and emergence and well mixed with soil, Treated soil should be wet or irrigate after the application.

CROP	METHOD OF APPLICATION	RATE OF APPLICATION	APPLICATION TIME
<b>A pre-planting herbicide for the following crops:</b>  <b>Seedling planting:</b> <b>Pepper, Tomatoes, Tobacco, Cauliflower, Cabbage, Broccoli.</b>  <b>Seed planting:</b> <b>Soybean, okra, carrots, turnip.</b>  <b>Sugar beet (seedling) (spray between planting lines after the emergence of 4-6 leaves).</b>	Apply before planting by mixing with the soil at a rate of 20-40 liter of spraying solution / donum to the depth 8-15 cm.	Applied at the Rate of 120-250 ml / donum / 20 - 40 lt water.	Must be applied 6 weeks at least before planting or transplanting, also it can be applied 90 days after planting but it must avoid crops contact.

## CAUTION:

Donum = 1000 m<sup>2</sup>

- Used only on above mentioned crops.
- Do not plant the following crops before 6-12 months, after spraying: Muskmelon, Watermelon, Cucumber, Spinach, Corn, Tomato (seeds), Pepper (seeds), Cauliflower (seeds), Cabbage (seeds) and Sugar beet (seeds).

**GRAZING RESTRICTIONS:** Do not graze or feed animal from treated area for 7 days at least.

**RE-ENTRY PERIOD:** 24 hours after the last application.

**COMPATIBILITY:** It is preferable not to be mix with other pesticides.

- For more details about first aid & precautions please refer to first aid & precautions index.
