

COLISTIN – 600

Water Soluble Powder
For Poultry, Calves, Lambs, Kids & Rabbits

VAPCO
ANTIBACTERIAL

COMPOSITION: Each gm contains:
Colistin Sulphate 6,000,000 I.U.

PROPERTIES:

- Colistin (polymyxin group) is very active against gm-ve bacteria: E.Coli, Salmonella, Pasteurella, Pseudomonas, Shigella, Haemophilus, Klebsiella, Bordetella.
- Due to its poor and slow absorption from the intestine, it concentrates its effect locally; thus it shows a remarkable effectiveness against enteric infections.
- It induces permeability changes within the bacterial cell which result in its death.

INDICATIONS:

Prevention and Treatment of different bacterial diseases of poultry, calves, lambs, kids and rabbits such as: Colibacillosis, Salmonellosis, Pasteurellosis, Diarrhea, Enteritis etc...

DOSAGE:

- **Treatment:** (Duration for 3-5 days)
 - **Poultry:** 15 gm per 200 litres of drinking water.
 - **Calves, Lambs, Kids:** 1 gm per 50 kg B.wt. daily and orally with water, milk or milk replacer. (120,000 units / kg B.wt. daily).
 - **Rabbits:** 0.06 gm / 5 kg B.wt. daily with drinking water. (75000 units / kg B.wt. daily).
 - **Via Feed:** 1 kg per ton for one week.
- **Prevention:** Half dosage for the same period.

SAFETY PERIOD: For meat consumption: 3 days

STORAGE: Keep in dry, dark place below 30 °C.

PACKING: (100, 250, 500, 1000) GM.
